

KINGDOM KIDS 3-YEAR-OLDS

March 2026

News

March is a busy month. Milestone reports come out this month. If you see any area on your child's report that concerns you, please feel free to contact me. I can review and assist you with any developmental concerns you may have. 3-year-olds will also have parent-teacher conferences on March 6th.

Spring reminds me of renewal, new life, new growth, and new beginnings. I am reminded of the verse 2 Corinthians 5:17: "Therefore, if anyone is in Christ, the new creation has come: The old has gone, the new is here!"

On another note, we need some additional sturdy outdoor toys for the daycare/3-year-old playground in Clinton. If someone has a Little Tike, Step 2, or something similar that your kids are tired of or have outgrown. The children could benefit from some additional toys.
