SEPTEMBER

NEWS

The transition from an in-home daycare to Kingdom Kids daycare center has been exciting! For the most part, the transition has gone very smoothly, and we are so thankful for the patience and support of our Kingdom Kids families along the way. We have welcomed many new children into our program, as well as a few new employees, and we are excited to see our Kingdom Kids family continue to grow. We currently have a few immediate openings available. Please remember that we do not reserve spots, so we fill openings as they become available. We have one part-time opening in each of our 1-year-old, 2-year-old, and preschool classrooms, as well as one full-time opening in our 2-year-old classroom and preschool. We are also still looking for dependable substitute teachers! If you have an aunt, grandma, neighbor, or someone else you know who loves children and would be a great fit for Kingdom Kids, please send them our way. We appreciate our families helping us spread the word as we continue to grow!

*Building His kingdom together one tiny heart at a time,
Mrs. Cher Brown*
