

4TH GRADE NEWS

Week of 09/08-12/2025

A note from the teacher:

Good Day!

Hopefully your student has been collecting bugs! We are moving into a new unit in our science book that deals with bugs. If your student has not begun it not to late to start, there are still many bugs to catch. Have them put into a ziplock bag or mount them to a foam board for them to display. I'll make sure you get them back so you can display to all your family.

Fourth grade seems to be challenging many students in our class. Reading comprehension seems to be a big hurdle we need to understand. I appreciate you parents for helping your child to complete work sent from class. Please encourage your child to read or sit down and listen to them read and you will better understand their reading skills.

Your Teacher: Mr. Larson
